LAKE FOREST – Councilman Adam Nick on Tuesday apologized for telling a reporter that a prosecutor made him feel “raped” by accusing him of stealing a rival’s campaign signs.

Councilman **Afshin Nikamanesh** A.K.A. **ADAM NICK** is spending tens of thousands of dollars to qualify a recall against his colleagues.

Why?

He wants to control the city.

Do you want him in control?

In his 3 years on the city council he’s embarrassed our city by saying prosecutors raped him, trying to bribe his colleagues, and threatening to kill a councilman.

Don't Sign His Petition Because...
